EMMANUEL OGWUCHE

Pharmacologist | Clinical & Hospital Pharmacy Practice | Software Development & AI Automation

+234 704 488 4601 • emmanuelpeters2701@gmail.com • linkedin.com/in/emmanuel-ogwuche-aa1b81269 • Abuja, Nigeria

PROFESSIONAL SUMMARY

Pharmacology graduate (B.Pharm) with hospital and community pharmacy experience in drug dispensing, interaction screening, and patient counselling, combined with formal research training in cardiovascular risk factors and drug-induced toxicity. Investigated oxidative stress biomarkers (catalase, superoxide dismutase, glutathione) in models of paracetamol-induced toxicity. Seeking to pursue graduate study in Clinical Pharmacology to deepen expertise in drug safety, therapeutic optimization, and evidence-based pharmacotherapy.

AREAS OF EXPERTISE

Skilled in Experimental Pharmacology, Drug Safety, Toxicology Research & Biochemical Analysis

Proficient in Clinical Pharmacology, Pharmacokinetics, Pharmacodynamics, Drug Interaction Assessment & Scientific Research

Skilled in Web Development, Python Programming, REST APIs & Webhooks

Proficient in AI Integration, Workflow Automation & No-Code Platforms (n8n, Zapier, Make.com)

EDUCATION

Bachelor of Pharmacy (B.Pharm) — Delta State University, Abraka Graduated 2024

RESEARCH EXPERIENCE

- Investigated key risk factors contributing to hypertension within the African population.
- Examined the effect of glibenclamide on antioxidant enzyme activity (catalase, superoxide dismutase) and glutathione levels in animal models of sub-acute paracetamol-induced toxicity.

PROFESSIONAL EXPERIENCE

Pharmacy Personnel (NYSC Primary Assignment) — Danja Clinic and Maternity 2025 – 2026

- Dispensed prescribed medications accurately, cross-checking dosage and formulation against physician orders.
- Counselled patients on proper medication use, potential side effects, and adherence to treatment plans.
- Screened prescriptions for drug-drug and drug-condition interactions to safeguard patient outcomes.
- Managed pharmacy stock levels, including ordering, receiving, and rotating inventory to prevent shortages and expiry losses.

Pharmacy Volunteer — Camp Clinic, NYSC Orientation Camp, Katsina 2025

- Supported the camp clinic's pharmacy unit with dispensing and basic patient counselling for corps members during orientation.
- Assisted with stock checks and organisation of medical supplies under time-sensitive camp conditions.

Industrial Trainee (IT Placement) — Shabach Hospital, Effurun, Delta State 2023 (6 months)

- Rotated through hospital pharmacy operations, including dispensing, patient counselling, and drug-interaction checks.
- Assisted with inventory control and stock reconciliation for hospital pharmacy supplies.
- Gained practical exposure to hospital pharmacy workflow and pharmacy software/dispensing systems.
